THE ELECTION.

Roosevelt and Fairbanks
the Choice of the
People.

New York State Gives a
Big Majority for the
Republican Ticket.

SEVERAL STATES ARE IN DOUBT.

Ohio Plurality for Ticket
Is Estimated As High-
est Ever Known.

Indiana Goes Republican by a
Plurality Ranging Between
30,000 and 40,000.

West Virginia Is in Doubt, But It Is
Believed That Roosevelt Carried
It by an Increased Plurality.

Judge Parker Congratulates the Presi-
dent On His Election—Chairman
Taggart Congratulates Chair-
man Corliss.

Roosevelt, N. Y., Nov. 8.—Judge Parker
concludes the election of President Roosevelt
at 12:30 p. m., when he received a bul-
letin that the democratic national head-
quarters had officially admitted the re-
publican ticket. He said that he had ex-
plained his overwhelming defeat in his
own state. He received the disappointing
news from a man who had come to him
with two of his neighbors. The bulletin
from democratic headquarters concerning
Judge Parker's defeat was the first he had
seen. He asked for a telegram to the Judge
to present his congratulations. When
asked if he had any statement to make,
he pulled a telegram blank toward him
and wrote hastily for a moment. Then
he said:

"I am sending you a telegram to send this telegram to
President Roosevelt."

"Roosevelt, Esopus, N. Y., Nov. 8.—The
President Washington. The people by
their vote have emphatically favored
your administration. After H. Parker."

Washington, Nov. 8.—President Roose-
velt's reply to Judge Parker's telegram
was as follows:

"Atton. Mr. Parker, Roosevelt, N. Y.—
thank you for your congratulations.
Theodore Roosevelt."

Washington, Nov. 8.—Chairman Cor-
liss congratulates congressional
campaign committee at 11 o'clock, said:

"We concede that the national Repub-
lican landslides in the popular elec-
tions for the republicans by a
plurality at least as large as that by
which they now hold control."

"Atton. Mr. Parker, Nov. 8.—

Chicago, Nov. 8.—Secretary Elmer De-
vost of the republican national committee
says Roosevelt will have 31 electoral
votes, which is six more than the pre-
sent estimate. He adds that the
difference in time and greater distance
in the western states, the returns are
eager and incomplete. They indicate
that the east prevails in the west, and I
think we justify our claim that we will
carry the country. We do not yet know

Parker's majority in Kentucky is
14,715, which isn't so bad in such an
awful year.

Lawrence county proved true to her
rule of the past twenty years in going
Republican in National contests.
Only once has she failed to do this.

When our old subscribers unfold the
NEWS this week the absence of our
familiar flock of roosters from these
columns will tell them the sad story
at a glance.

All Big Sandy counties should send
good delegations to Huntington on
Nov. 18th, in answer to the call of Col.
Northup, President of the Big Sandy
Improvement Association. It would
also be well to have as many as possible
attend the Ohio Valley Association
meeting the two preceding days.
It also meets at Huntington.

The 10th Annual Convention of the
Ohio Valley Improvement Association
will be held at Huntington, W. Va.,
Wednesday, Thursday, and Friday, Nov.
16-17-18. This Association is doing a
great work for the improvement of
the Ohio river and its tributaries and
is therefore to Big Sandy's interest
to keep in touch with it. We hope
to see a large number of our
people at the meeting.

ANXIOUS MOMENTS.
Some of the most anxious hours of
a mother's life are those when the lit-
tle ones of the household have the
croup. There is no other medicine
so effective in this dread malady as
Foley's Honey and Tar. It is a
great trouble, and as it contains
opiates or other poisons, it can be
given, Louisia Drug Co.

UNCLAIMED LETTERS.

The following letters remain un-
claimed in the Louisa postoffice for
the week ending last Saturday:

The Rough Rider

Rounded Up The Voters In Cowboy Style.

Record-Breaking Landslide to Roosevelt.

KEOHE'S RACE CLOSE.

The election last Tuesday was a
landslide of such huge proportions
that the result surprised everybody.
If there is anything about the election
that you want to know and that is
not told in these columns, just
consider that it has gone Republican.

All the States that were considered
doubtful before the election went for
Roosevelt decisively. His majority in
the electoral college will probably
be the largest ever given.

Kentucky is about the only State
that ever went astray before and re-
mained in the Democratic column this
time. The majority is not unusually
large, but we are thankful for small
favors this time.

West Virginia is Republican all the
way through.

Even Missouri has given its vote to
Roosevelt, but the State has elected
Folk, Democrat, for Governor.

Pike county gave a Republican ma-
jority of 550 with one precinct unre-
ported.

Tennessee is still in the Democratic
column by a large majority, although
first reports gave it as Republican.

The return from the Ninth district
are all in except one precinct and the
two candidates are within 10
votes of each other. It will require
the official count to decide the race.

The race for Congress in this dis-
trict is so close that both candidates
are claiming it.

A report from up Sandy says that
Mr. Dingus, Republican, is elected Cir-
cuit Judge over Gardner in the dis-
trict composed of Knott, Floyd and
Magoffin counties.

Johnson county gave a Republican
majority of 1023. The unofficial fig-
ures in Lawrence county give the Re-
publicans a majority of 226. Kellogg
ran a few votes ahead of the National
ticket.

ONLY MAKES A BAD MATTER WORSE.

Perhaps you had never thought of
it but the fact must be apparent to
every one that constipation is caused
by a lack of water in the system, and
the use of drastic cathartics only
makes a bad matter worse. Cham-
berlain's Stomach and Liver Tablets
are much more mild and gentle in
their effect, and when the proper
dose is taken their action is so natural
that one can hardly realize it is
the effect of a medicine. Try a 25c
bottle of them. For sale by A. M.
Hughes.

GLENWOOD.

On last Wednesday there was quite
a surprise birthday dinner on Uncle
Johnnie Webb's. His children were
all present—Dave John and wife,
of Willard; A. J. Webb and wife, of
Oliville; Mrs. M. F. Cooksey and
Mrs. J. W. Pennington, of Denton;
J. F. Webb, of Ohio; Mrs. W. M. Cook-
sey, Mrs. W. S. Queen, Wesley and
Flem, of this place. There were
numbers of his grand and great grand
children present. This was Uncle
Johnnie's 87th birthday. They had a
fine dinner and the day was enjoyed
by all. In the afternoon their pictures
were made all together for the first time in life. The oldest
being 64 years of age and the
youngest 39. They all separated with
tears in their eyes and that sad
thought of never all meeting again
on this earth, but they live in hopes
of meeting in that beautiful home
above where there is no more sor-
rowing or parting.

The sawmill of Belcher & Son is cut-
ting some fine lumber for Queen &
Webb. It keeps the teamsters busy
hauling it to the station.

On last Wednesday Dave Burk had
misfortune of getting the leg of one
of his oxen broken while hauling logs.

Miss Quinn Cooksey, of Paintsville,
visited relatives and friends on East
Park last week and was accompa-
nied home by Ida Cooksey and C. H.
Kirby.

There was church at Sand Hill last
Sunday by Rev. Richard Hall. He is
a fine talker. Rev. Hall and family
have been visiting their parents here.
They started to their home in Nich-
olas county, Va., last Wednesday.

Mrs. Hall's sister, Miss Eva, was
married recently to John Fields a
widower. We wish them a long happy
life.

Advice to the Aged.
Age brings infirmities, such as sluggish bowels, weak kidneys and bladder and TORPID LIVER.

Curtis Reeves, one of the leading
business men of Lost Creek, and
Miss Effie, daughter of J. B. Webb,
were united in the holy bonds of
matrimony by Rev. Ratcliff last
Wednesday. They are very highly
connected and worthy young people
and will undoubtedly succeed in life.
May happiness and peace be their
lot.

Mrs. Ross Adkins and daughter,
Maud of Julia, W. Va., and Miss Belle

Up Go The Cows.

City Council met Tuesday night, with Mayor Augustus Snyder presiding and Messrs. Robt. Vinson, Robt. Bickel, Dan Blankenship and William Wilson present.

The most interesting piece of legislation that has been enacted for a long time is the passage of an ordinance making it an offense to permit cows to run at large within the corporate limits of the city. The ordinance makes it punishable by a fine of not less than one nor more than nine dollars, and each day the cow at large shall be considered a separate offense. The law takes effect fifteen days from the publication of the ordinance. Another important thing done was to direct Mayor Snyder as Commissioner to purchase one thousand feet of first class fire hose for the use of the city. Two new street crossings were ordered to be made, one from the old Drake building to the opposite Billups' corner, and the other from Junior Order Hall to Milt Burns' corner. Another excellent thing done was to order the Water Works Company to repair and put in good condition the streets along which the mains run and which now present rather a ragged appearance. It was settled that the entire amount to be paid manager of the waterworks company is \$750 annually. Several small bills were ordered paid and some business of minor importance was transacted and Council then adjourned.

And now let the Council appoint a smelling committee and do something to abate that horrible odor which pollutes the atmosphere in the neighborhood of the jail. All who live in that vicinity are complaining of the stinking stench, and passers-by hold their noses until they are out of reach of the smell.

The council has ordered all side walks repaired that are in bad condition.

Burglary.

The bad, bold burglar was abroad Tuesday night and the grocery store of Boyd Wellman, on Madison, was visited by him, with disastrous results to Wellman. Entrance was made through the front door and was effected by prying the door with something like a pinch-bar, as the marks on the edge of the door plainly show. The ragged looking, diminished stock the next morning also plainly showed that the burglar fully embraced the chance for laying in his winter stock of family supplies. Flour, sugar, coffee, bacon, tobacco, and many other grocery staples were carried away, and up to this time no trace of them has been found. The robber or robbers even took spice and starch, probably to add pungency to the adventure and to stiffen them up for another raid. The burglary must have been done at a very late hour, and the work faithfully at least five hundred thousand dollars, a sum larger than the receipts of all the stores in Louisville, will be expended right in our midst. And in closing, let us urge upon you the necessity for prompt action that will send a strong delegation to Huntington; and also be prepared with sufficient funds to pay the assessment of \$25 as dues from the Lawrence County Auxiliary Association.

River Improvement.

A Call to the Louisa People to Show Proper Interest.

To the Labor and Business interests of Louisa:

A call was published last week for the annual meeting of the Big Sandy River Improvement Association at Huntington on Nov. 13th. Fearing that you will pass over the reading of the call without giving it due attention and thought, we desire to ask you to think what has been done up to date.

Dam No. 1 at Catlettsburg is completed. Dam No. 2 at Kavanaugh almost done. Dam No. 3 at our own door completed with the exception of raising its height four and a half feet more for which \$500 has been appropriated and is available for the work. Dam No. 1 in Tug fork, located not more than four miles from Louisa, has been secured and money secured sufficient to put in the lock. Dam No. 1 on Levista Fork, not to exceed eight miles from us, the site already secured, and sufficient money appropriated to build the dam is to be appropriated, and it behoves us to give some time and attention to assisting the Improvement Association and our members of Congress to secure the necessary appropriations. Our members of Congress tell us they can work better and with better prospects of success if our organization shows enough interest to be present at the hearings before the Rivers and Harbors Committee. What is true as to them is also true as to the Big Sandy Improvement Association. Encourage it by your presence.

The work to be done next should commend itself especially to us, as during the next two years if we all work faithfully at least five hundred thousand dollars, a sum larger than the receipts of all the stores in Louisville, will be expended right in our midst. And in closing, let us urge upon you the necessity for prompt action that will send a strong delegation to Huntington; and also be prepared with sufficient funds to pay the assessment of \$25 as dues from the Lawrence County Auxiliary Association.

Mr. T. S. McClure and Miss Alice Moore, a popular and attractive young lady, were married on Wednesday of last week at the latter's home in Martin county. They came down to Gallipolis on Saturday and remained over Sunday with Mr. and Mrs. G. C. McClure, parents of the groom. Mr. McClure is well known throughout the Big Sandy valley as one of our most successful and prominent business men. He has a large boundary of timber in Martin county upon which he has been at work for four or five years in getting the product to market. The NEWS extends its congratulations and best wishes.

General Clark, of Pittsburgh, of whom our NEWS has spoken several times in connection with the oil and mineral development of this section, is now or at least will be shortly, actively at work on the ground chosen by him after a very rigid search and examination of various territories, is on the east side of Big Blaine creek, not far from the Carter bridge. The land on which the first well will be drilled is part of the George Carter farm adjacent to the land owned by the estate of Alexander Lackey, deceased. Gen. Clark has leased 2000 acres in one body, including these tracts, and here at least two wells will be drilled. The first, at least, will be sunk to a depth of 1800 feet, deep enough, certainly, to ascertain beyond doubt the presence or absence of paying quantities of oil. The machinery is up-to-date and the work will be in the hands of the most expert and experienced driller. Gen. Clark is a veteran oil man, entirely familiar with all the ins and outs, ups and downs, —no pun intended—hassocks and complications usually attendant upon the boring of wells. He is fully prepared for any and all of these things and with his very intelligent and energy steers in this latest enterprise in Lawrence county seems assured.

CHAMBERLAINS COUGH REMEDY IS PLEASANT TO TAKE

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlains Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take.

Mr. W. L. Roderick, of Pocahontas, Md., in speaking of this remedy, says "I have used Chamberlains Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by A. M. Hughes.

THOUSANDS CURED.

DeWitt's Witch Hazel Salve has cured thousands of cases of piles." I bought a box of DeWitt's Witch Hazel Salve on the recommendation of our druggist," so writes C. H. LaCroix, of Zavalla, Texas, "and used it for asthmatic case of piles. It cured me permanently." Sold by Louisa Drug Co.

An Elegant Affair.

To extend professional courtesies; to meet in social garb and gathering; to eat, drink and be merry, and to "chase the glowing hours with flying feet"—all this and more was accomplished by the "engineers on this side", and others, when they gave their very recherche entertainment to the "engineers on the other side", and others last Saturday night. By engineers on this side is meant the engineer corps of the C. & O., resident and near Louisville, and those of the other side compose part of the C. & O. boys.

These gentlemen have made Louisville and the Brunswick headquarters for a year or more, fraternizing amicably and pleasantly. Many of the N. & W. boys will leave shortly for other fields, and the C. & O. boys concealed and successfully executed ways and means of testifying to their regard. The aforementioned says and means consisted of an elegant banquet given at the aforementioned Brunwick. It was a banquet, and it was also elegant in all the word implies. The dining room had been especially prepared for the occasion. Chrysanthemums and gourds—hued leaves tastefully decorated the festal hall, and the tables glowed and shone with spotless linen, glistening silver and beautiful china. Landlord Adams and his wife are at home in preparing for an event of this sort, and the occasion of Saturday night was without a flaw. Here's only part of what the guests sat down to and enjoyed to the limit: oysters, turkey, and "trimmings"; various salads, creams, cakes, coffee, fruits and cigars. These were served in four appropriate courses, and a story, joke and toast it was a good length of time from start to finish. Those who sat down to this well prepared, well served feast were J. L. Richmond, Mr. L. McCormick, C. W. Veach and Harold McCormick, P. C. Turner, George Burgess, Harry Wellman, Mac Turner, Tobe Rule, John Hall, H. G. Barrett and W. O. Tracy.

The latter part of the evening was spent in dancing, participated in by the above-named and Mr. and Mrs. J. W. Mayo, and Miss Moore, of Ashland, Miss Jean Adams and the Misses Little Yates, Emma, Carey and Jane O'Brien.

It was altogether a delightful occasion and will be treasured in the memory of all who were so fortunate as to be guests.

Mrs. Minnie Stone left Tuesday for a visit to relatives in Huntington and Guyandotte.

J. W. Stewart and wife, of Ashland, passed through Louisville Tuesday en route to Ilkeville.

Mrs. J. H. O'Brien and daughter, Miss Hannah, were visitors in Huntington and Catlettsburg last week.

Mrs. Delta Ferguson and little son have returned from a visit of several weeks to relatives in Ironton.

Mr. and Mrs. J. W. Mayo and Mrs. Crump, of Ashland, were guests of Mr. and Mrs. James Adams over Sunday.

Consumption

Salt pork is a famous old-
fashioned remedy for con-
sumption. "Eat plenty of
pork," was the advice to the
consumptive 50 and 100
years ago.

Salt pork is good if a man
can stomach it. The idea
behind it is that fat is the
food the consumptive needs
most.

Scott's Emulsion is the modern
method of feeding fat to
the consumptive. Pork is too
rough for sensitive stomachs.
Scott's Emulsion is the most
refined of fats, especially
prepared for easy digestion.

Feeding him fat in this
way, which is often the only
way, is half the battle, but
Scott's Emulsion does more
than that. There is something
about the combination
of cod liver oil and hypophos-
phites in Scott's Emulsion
that puts new life into
the diseased lungs.
